Statement of intent

Kelsall Primary & Nursery School is committed to safeguarding and promoting the physical, mental and emotional welfare of every pupil, both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance. It will be achieved by:

- Ensuring that members of the governing body, the principal and staff understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse, and know to refer concerns to the DSL.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Ensuring that the principal and any new staff and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

The DSL is Mr David Alan Wearing. In the absence of the DSL, child protection matters will be dealt with by the deputy DSL; Mrs Chloe Hook & Mrs Sarah White

For the purposes of this policy, **“safeguarding and protecting the welfare of children”** is defined as:

- Protecting pupils from maltreatment.
- Preventing the impairment of pupils’ mental and physical health or development.
- Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all pupils to have the best outcomes.

A child: As in the Children Act of 1989 and 2004, a child is anyone who has not yet reached his/her 18th birthday or in the case of disabled children 25 years.

Harm means ill-treatment or impairment of health and development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another;

Development means physical, intellectual, emotional, social or behavioural development;

Health includes physical and mental health;

Ill-treatment includes sexual abuse and other forms of ill-treatment which are not physical.

For the purposes of this policy, **“consent”** is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another, and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity, and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

For the purposes of this policy, **“sexual harassment”** refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil’s dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual “jokes” and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone’s clothes, and displaying images of a sexual nature.
- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
 - The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
 - **[New]** Sharing unwanted explicit content.
 - **[New]** Upskirting.
 - **[New]** Sexualised online bullying.
 - Unwanted sexual comments and messages, including on social media.
 - Sexual exploitation, coercion, and threats.

For the purposes of this policy, **“upskirting”** refers to the act, as identified the Voyeurism (Offences) Act 2019, of taking a picture or video under another person’s clothing, without their knowledge or consent, with the intention of viewing that person’s genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

For the purposes of this policy, the **“consensual and non-consensual sharing of nude and semi-nude images and/or videos”**, colloquially known as **“sexting”**, is defined as the sharing between pupils of sexually

explicit content, including indecent imagery. For the purposes of this policy, **"indecent imagery"** is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

4. Multi-agency working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements.

[New] The school will be fully engaged, involved, and included in local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies. The school will act in accordance with the safeguarding arrangements.

The school will work with CSCS, the police, health services and other services to protect the welfare of its pupils, through the early help process and by contributing to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment. The school also recognises the particular importance of inter-agency working in identifying and preventing CSE.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSL(s).

5. Early help

Early help means providing support as soon as a problem emerges, at any point in a child's life. Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- **[New]** Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- **[New]** Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised or exploited.
- **[New]** Have family members in prison, or are affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Misuse drugs or alcohol.
- Have returned home to their family from care.
- **[New]** Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- **[New]** Are persistently absent from education, including persistent absences for part of the school day.
- Show early signs of abuse and/or neglect in other ways.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

6. Abuse and neglect

For the purposes of this policy, "**abuse**" is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, "**physical abuse**" is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, "**emotional abuse**" is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, **“sexual abuse”** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, **“neglect”** is defined as the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in serious impairment of a child’s health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

All staff will be aware of the indicators of abuse and neglect. All staff will be aware that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSL(s), will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

[New] All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

7. [New] Domestic abuse

For the purposes of this policy, and in line with the Domestic Abuse Act 2021, **“domestic abuse”** is defined as abusive behaviour of a person towards another person (including conduct directed at someone else, e.g. the person’s child) where both are aged 16 or over and are personally connected. **“Abusive behaviour”** includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse. **“Personally connected”** includes people who:

- Are, have been, or have agreed to be married to each other.
- Are, have been, or have agreed to be in a civil partnership with each other.
- Are, or have been, in an intimate personal relationship with each other.
- Each have, or had, a parental relationship towards the same child.
- Are relatives.

The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

8. Homelessness

The DSL and deputy DSL(s) will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible.

Indicators that a family may be at risk of homelessness include:

- Household debt.
- Rent arrears.
- Domestic abuse.
- Anti-social behaviour.
- Any mention of a family moving home because “they have to”.

Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm. For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSCS will be made as necessary where concerns are raised.

9. Children missing from education

A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation. Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy. The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

Admissions register

Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending. The school will notify the LA within 5 days of when a pupil's name is added to the admissions register.

The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur. Two emergency contact details will be held for each pupil where possible. Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.

If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when the pupil will live at that address

If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:

- The name of the new school
- The date on which the pupil first attended, or is due to attend, that school

Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils' data.

To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been certified by the school's medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
- Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
- Have been permanently excluded.

The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance.

If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)

The school will work with the LA to establish methods of making returns for pupils back into the school. The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown. The school will also highlight any other necessary contextual information, including safeguarding concerns.

10. [New] Child abduction and community safety incidents

For the purposes of this policy, "**child abduction**" is defined as the unauthorised removal or retention of a child from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents and other relatives, other people known to the victim, and strangers.

All staff will be alert to community safety incidents taking place in the vicinity of the school that may raise concerns regarding child abduction, e.g. people loitering nearby or unknown adults conversing with pupils. Pupils will be provided with practical advice and lessons to ensure they can keep themselves safe outdoors.

11. Child criminal exploitation (CCE)

For the purposes of this policy, "**child criminal exploitation**" is defined as a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

[New] Specific forms of CCE can include:

- Being forced or manipulated into transporting drugs or money through county lines.
- Working in cannabis factories.
- Shoplifting or pickpocketing.
- Committing vehicle crime.
- Committing, or threatening to commit, serious violence to others.

The school will recognise that pupils involved in CCE are victims themselves, regardless of whether they have committed crimes, and even if the criminal activity appears consensual. The school will also recognise that pupils of any gender are at risk of CCE.

School staff will be aware of the indicators that a pupil is the victim of CCE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.

County lines

For the purposes of this policy, “**county lines**” refers to gangs and organised criminal networks exploiting children to move, store or sell drugs and money into one or more areas, locally and/or across the UK.

As well as the general indicators for CCE, school staff will be aware of the specific indicators that a pupil may be involved in county lines, including:

- Going missing and subsequently being found in areas away from their home.
- **[New]** Having been the victim or perpetrator of serious violence, e.g. knife crime.
- **[New]** Receiving requests for drugs via a phone line.
- **[New]** Moving drugs.
- **[New]** Handing over and collecting money for drugs.
- **[New]** Being exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection.
- **[New]** Being found in accommodation they have no connection with or a hotel room where there is drug activity.
- **[New]** Owing a ‘debt bond’ to their exploiters.
- **[New]** Having their bank account used to facilitate drug dealing.

Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs. Staff members who suspect a pupil may be vulnerable to, or involved in, county lines activity will immediately report all concerns to the DSL.

The DSL will consider referral to the National Referral Mechanism on a case-by-case basis and consider involving local services and providers who offer support to victims of county lines exploitation.

12. **[New] Cyber-crime**

For the purposes of this policy, “**cyber-crime**” is defined as criminal activity committed using computers and/or the internet. This includes ‘cyber-enabled’ crimes, i.e. crimes that can happen offline but are enabled at scale and at speed online, and ‘cyber-dependent’ crimes, i.e. crimes that can be committed only by using a computer. Crimes include:

- Unauthorised access to computers, known as ‘hacking’.
- Denial of Service attacks, known as ‘booting’.
- Making, supplying or obtaining malicious software, or ‘malware’, e.g. viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence.

All staff will be aware of the signs of cyber-crime and follow the appropriate safeguarding procedures where concerns arise. This may include the DSL referring pupils to the National Crime Agency’s Cyber Choices programme.

13. **Child sexual exploitation (CSE)**

For the purposes of this policy, “**child sexual exploitation**” is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- **[New]** Through violence or the threat of violence

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil’s immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.
- Having older boyfriends or girlfriends.
- Suffering from sexually transmitted infections.
- **[New]** Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

[New] All concerns related to CSE will be managed in line with the school's Child Sexual Exploitation (CSE) Policy.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered, including referral to the LA. The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as required.

14. [New] Modern slavery

Child trafficking and modern slavery are forms of child abuse where children are recruited, moved or transported and then exploited, forced to work or sold. Children are trafficked for sexual exploitation, benefit fraud, forced marriage, domestic servitude such as: cleaning, childcare, cooking, forced labour in factories or agriculture and criminal activity such as: pickpocketing, begging, transporting drugs, working on cannabis farms, selling pirated DVDs and bag theft.

Many children are trafficked into the UK from abroad, but children can also be trafficked from one part of the UK to another.

Trafficked children experience multiple forms of abuse and neglect. Physical, sexual and emotional violence are often used to control victims of trafficking. Children are also likely to be physically and emotionally neglected.

Children are tricked, forced or persuaded to leave their homes. Traffickers use grooming techniques to gain the trust of the child, family or community. They may threaten families, but this isn't always the case, they may promise children education or persuade parents their child can have a better future in another place. Sometimes families will be asked for payment towards the 'service' a trafficker is providing e.g. sorting out travel documentation or transport. Traffickers make a profit from the money a child earns through exploitation, forced labour or crime.

Although these are methods used by traffickers, coercion, violence or threats do not need to be proven in cases of child trafficking – a child cannot legally consent so child trafficking only requires evidence of movement and exploitation.

Our safeguarding policy, through the school's values, ethos and behaviour policies, provides the basic platform to ensure children and young people are given the support to respect themselves and others, stand up for themselves and protect each other.

- Our school keeps itself up to date on the latest advice and guidance provided to assist in addressing specific vulnerabilities and forms of exploitation.
- Our staff are supported to recognise warning signs and symptoms in relation to specific issues, include such issues in an age appropriate way in their curriculum,
- Our school works with and engages our families and communities to talk about such issues,
- Our staff are supported to talk to families about sensitive concerns in relation to their children and to find ways to address them together wherever possible.

- Our Designated Safeguarding Person knows where to seek and get advice as necessary.
- Our school brings in experts and uses specialist material to support the work we do.

15. FGM/'Honour Based' Abuse

So-called 'honour-based' abuse (HBA) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of so called HBA are abuse (regardless of the motivation) and should be handled and escalated as such. If in any doubts staff should speak to the designated safeguarding lead. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

There are a range of potential indicators that a child may be at risk of HBA. Guidance on the warning signs that FGM or forced marriage may be about to take place, or may have already taken place, can be found on pages 38-41 of the

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/512906/Multi_Agency_Statutory_Guidance_on_FGM_-_FINAL.pdf (pages 59-61 focus on the role of schools and colleges) and pages 13-14 of the

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/322307/HMG_MULTI_AGENCY_PRACTICE_GUIDELINES_v1_180614_FINAL.pdf.

All staff will be alert to the possibility of a pupil being at risk of FGM, or already having suffered FGM. If staff are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with CSCS and/or the police. The school's procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

As outlined in Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015), teachers are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a pupil under the age of 18. Teachers failing to report such cases may face disciplinary action. Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they must personally report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSCS as appropriate. **NB:** This does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

All staff will be aware of the indicators that pupils may be at risk of FGM. While some individual indicators they may not indicate risk, the presence of two or more indicators could signal a risk to the pupil. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that a pupil may be at heightened risk of undergoing FGM include:

- The socio-economic position of the family and their level of integration into UK society.
- The pupil coming from a community known to adopt FGM.
- Any girl with a mother or sister who has been subjected to FGM.
- Any girl withdrawn from PSHE.

Indicators that FGM may take place soon include:

- When a female family elder is visiting from a country of origin.
- A girl confiding that she is to have a 'special procedure' or a ceremony to 'become a woman'.
- A girl requesting help from a teacher if she is aware or suspects that she is at immediate risk.
- A girl, or her family member, talking about a long holiday to her country of origin or another country where FGM is prevalent.

All staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin. Indicators that FGM may have already taken place include the pupil:

- Having difficulty walking, sitting or standing.
- Spending longer than normal in the bathroom or toilet.
- Spending long periods of time away from a classroom during the day with bladder or menstrual problems.
- Having prolonged or repeated absences from school, followed by withdrawal or depression.
- Being reluctant to undergo normal medical examinations.
- Asking for help, but not being explicit about the problem due to embarrassment or fear.

FGM is included in the definition of **“honour-based’ abuse (HBA)”**, which involves crimes that have been committed to defend the honour of the family and/or community. All forms of HBA are forms of abuse and will be treated and escalated as such. Staff will be alert to the signs of HBA, including concerns that a child is at risk of HBA, or has already suffered from HBA, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

16. Forced marriage

For the purposes of this policy, a **“forced marriage”** is defined as a marriage that is entered into without the full and free consent of one or both parties, and where violence, threats or any other form of coercion is used to cause a person to enter into the marriage. Threats can be physical, emotional, or psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent, e.g. due to some forms of SEND. Forced marriage is a crime in the UK and a form of HBA.

All staff will be alert to the indicators that a pupil is at risk of, or has undergone, forced marriage, including, but not limited to, the pupil:

- Becoming anxious, depressed and emotionally withdrawn with low self-esteem.
- Showing signs of mental health disorders and behaviours such as self-harm or anorexia.
- Displaying a sudden decline in their educational performance, aspirations or motivation.
- Regularly being absent from school.
- Displaying a decline in punctuality.
- An obvious family history of older siblings leaving education early and marrying early.

Staff who have any concerns regarding a pupil who may have undergone, is currently undergoing, or is at risk of forced marriage will speak to the DSL and local safeguarding procedures will be followed – this could include referral to CSCS, the police or the Forced Marriage Unit.

17. Radicalisation

For the purposes of this policy, **“extremism”** refers to the vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty, and the mutual respect and tolerance of different faiths and beliefs. Extremism also includes calling for the death of members of the armed forces.

For the purposes of this policy, **“radicalisation”** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

For the purposes of this policy, **“terrorism”** refers to an action that endangers or causes serious violence to a person or people, serious damage to property, or seriously interferes with or disrupts an electronic system. The use or threat of these actions must be designed to influence the government or intimidate the public, and be made for the purpose of advancing a political, religious or ideological cause.

Protecting pupils from the risk of radicalisation is part of the school’s wider safeguarding duties. The school will actively assess the risk of pupils being radicalised and drawn into extremism and/or terrorism. Staff will be alert to changes in pupils’ behaviour which could indicate that they may need help or protection. Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may

include contacting the DSL or making a Prevent referral. The school will work with local safeguarding arrangements as appropriate.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms. Any concerns over radicalisation will be discussed with the pupil's parents, unless the school has reason to believe that the child would be placed at risk as a result.

The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect pupils against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

This school, like all others, is required to identify a Prevent **Single Point of Contact** (SPOC) who will be the lead within the organization for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism (this will normally be the Designated Safeguarding Lead).

[New] The Prevent duty

Under section 26 of the Counter-Terrorism and Security Act 2015, all schools are subject to a duty to have "due regard to the need to prevent people from being drawn into terrorism", known as "**the Prevent duty**". The Prevent duty will form part of the school's wider safeguarding obligations.

The school's procedures for carrying out the Prevent duty, including how it will engage and implement the Channel programme, are outline in the Prevent Duty Policy.

18. Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of 'Are you a young person with a family member in prison?' from Action for Prisoners' Families where appropriate and allowed the opportunity to discuss questions and concerns.

19. Pupils required to give evidence in court

Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Pupils will be provided with the booklet 'Going to Court' from HMCTS where appropriate and allowed the opportunity to discuss questions and concerns.

20. Mental health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

Staff will not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional. Staff will, however, be encouraged to identify pupils whose behaviour suggests they may be experiencing a mental health problem or may be at risk of developing one. Staff will also be aware of how pupils' experiences can impact on their mental health, behaviour, and education.

Staff who have a mental health concern about a pupil that is also a safeguarding concern will act in line with this policy and speak to the DSL or deputy DSL(s).

The school will access a range of advice to help them identify pupils in need of additional mental health support, including working with external agencies.

21. Peer-on-peer abuse

For the purposes of this policy, "**peer-on-peer abuse**" is defined as abuse between children.

[New] The school has a zero-tolerance approach to abuse, including peer-on-peer abuse, as confirmed in the Child Protection and Safeguarding Policy's statement of intent.

All staff will be aware that peer-on-peer abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of peer-on-peer abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that peer-on-peer abuse is not occurring. All staff will speak to the DSL if they have any concerns about peer-on-peer abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers, and will not tolerate abuse as "banter" or "part of growing up".

Peer-on-peer abuse can be manifested in many different ways, including:

- **[New]** Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- **[New]** Abuse in intimate personal relationships between peers.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- **[New]** Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- **[New]** Upskirting.
- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

[New] All staff will be clear as to the school's policy and procedures regarding peer-on-peer abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who evidence suggests are more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil's SEND and will always explore indicators further.

All staff will be made aware of the heightened vulnerability of LGBTQ+ pupils, who evidence suggests are also more likely to be targeted by their peers. In some cases, pupils who are perceived to be LGBTQ+, regardless of whether they are LGBTQ+, can be just as vulnerable to abuse as LGBTQ+ pupils. The school's response to sexual violence and sexual harassment between pupils of the same sex will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

22. Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to:

- Increased absence from school.
- A change in friendships.
- Relationships with older individuals or groups.
- A significant decline in academic performance.
- Signs of self-harm.
- A significant change in wellbeing.
- Signs of assault.
- Unexplained injuries.

- Unexplained gifts or new possessions.

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violence. These risk factors include, but are not limited to:

- **[New]** Being male.
- Having been frequently absent from school.
- **[New]** Having been permanently excluded from school.
- **[New]** Having experienced child maltreatment.
- Having been involved in offending, such as theft or robbery.

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

23. Online safety and personal electronic devices

The school will adhere to the Online Safety Policy at all times.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through training, all staff members will be made aware of:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online.
- The procedure to follow when they have a concern regarding a pupil's online activity.
-

The school will ensure that suitable filtering systems are in place on ICT equipment to prevent children accessing inappropriate material. The school will, however, ensure that the use of filtering and monitoring systems does not cause "over blocking", which may lead to unreasonable restrictions as to what pupils can be taught online. Further information regarding the school's approach to online safety can be found in the Online Safety Policy.

Personal electronic devices

The use of personal electronic devices, including mobile phones and cameras, by staff and pupils is closely monitored by the school, in accordance with the Personal Electronic Devices Policy.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy and Photography Policy. The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve pupils who are LAC, adopted pupils, or pupils for whom there are security concerns, the principal will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are LAC or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. "**Operating equipment**" includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

24. Sexting and the sharing of indecent images

The school will ensure that staff are aware to treat the sharing of indecent images, including through sexting, as a safeguarding concern.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with instances of sexting in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images, and how and when to report instances of sexting.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Where a member of staff becomes aware of an incidence of sexting that involves indecent images of a pupil, they will refer this to the DSL as soon as possible. Where a pupil confides in a staff member about the circulation of indecent imagery, depicting them or someone else, the staff member will:

- Refrain from viewing, copy, printing, sharing, storing or saving the imagery.
- Tell the DSL immediately if they accidentally view an indecent image and seek support.
- Explain to the pupil that the incident will need to be reported.
- Respond positively to the pupil without blaming or shaming anyone involved, and reassuring them that they can receive support from the DSL.
- Report the incident to the DSL.

The DSL will attempt to understand what the image contains **without viewing it** and the context surrounding its creation and distribution – they will categorise the incident into one of two categories:

- **Aggravated:** incidents which involve additional or abusive elements beyond the creation and distribution of indecent images of pupils, including where there is an adult involved, where there is an intent to harm the pupil depicted, or where the images are used recklessly.
- **Experimental:** incidents involving the creation and distribution of indecent images of pupils where there is no adult involvement or apparent intent to cause harm or embarrassment to the pupil.

Where it is necessary to view the imagery, e.g. if this is the only way to make a decision about whether to inform other agencies, the DSL should:

- Discuss this decision with the headteacher or member of the SLT.
- Ensure the image is, where possible, viewed by someone of the same sex as the individual depicted.
- Ensure viewing takes place on school premises and with another member of staff present in the room – this staff member does not need to view the imagery.
- Record how and why the decision was made to view the imagery in accordance with the Records Management Policy.

Where the incident is categorised as 'aggravated', the situation will be managed in line with the school's behaviour policy. Where the incident is categorised as 'experimental', the pupils involved are supported to understand the implications of sharing indecent imagery and to move forward from the incident. Where there is reason to believe that indecent imagery being circulated will cause harm to a pupil, the DSL escalates the incident to CSCS. Where indecent imagery of a pupil has been shared publicly, the DSL will work with the pupil to report imagery to sites on which it has been shared and will reassure them of the support available.

25. Context of safeguarding incidents

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSL(s), will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSCS.

26. Pupils potentially at greater risk of harm

The school recognises that some groups of pupils can face additional safeguarding challenges, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outline below.

[New] Pupils who need social workers

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL will hold and use information from the LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes. Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare, e.g. considering the provision pastoral or academic support.

[New] Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

[New] LAC and PLAC

Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. PLAC, also known as care leavers, can also remain vulnerable after leaving care.

The governing body will ensure that staff have the skills, knowledge and understanding to keep LAC and PLAC safe. This includes ensuring that the appropriate staff have the information they need, such as:

- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.
- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

The DSL will be provided with the necessary details of pupils' social workers and the VSH, and, for PLAC, personal advisers.

Further details of safeguarding procedures for LAC and PLAC are outlined in the school's LAC Policy.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the

school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

27. [New] Use of the school premises for non-school activities

Where the governing body hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate arrangements are in place to keep pupils safe.

Where the governing body provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the governing body will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The governing body will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The governing body will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extracurricular activities and clubs

Extra-curricular activities and clubs hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements. Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

28. Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

29. Work experience

When a pupil is sent on work experience, the school will ensure that the provider has appropriate safeguarding policies and procedures in place. Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

30. Homestay exchange visits

School-arranged homestays in UK

Where the school is arranging for a visiting child to be provided with care and accommodation in the UK in the home of a family to which the child is not related, the responsible adults are considered to be in regulated activity for the period of the stay. In such cases, the school is the regulated activity provider; therefore, the school will obtain all the necessary information required, including a DBS enhanced certificate with barred list information, to inform its assessment of the suitability of the responsible adults.

Where criminal record information is disclosed, the school will consider, alongside all other information, whether the adult is a suitable host. In addition to the responsible adults, the school will consider whether a DBS enhanced certificate should be obtained for anyone else aged over 16 in the household.

School-arranged homestays abroad

The school will liaise with partner schools to discuss and agree the arrangements in place for the visit. The school will consider, on a case-by-case basis, whether to contact the relevant foreign embassy or High Commission of the country in question to ascertain what checks may be possible in respect of those providing homestay outside of the UK. The school will use its professional judgement to assess whether the arrangements are appropriate and sufficient to safeguard every child involved in the exchange. Pupils will be provided with emergency contact details to use where an emergency occurs or a situation arises that makes them feel uncomfortable.

Privately arranged homestays

Where a parent or pupil arranges their own homestay, this is a private arrangement and the school is not the regulated activity provider.

Private fostering

Where a period of UK homestay lasts 28 days or more for a child aged under 16, or under 18 for a child with SEND, this may amount to private fostering under the Children Act 1989. Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

31. Concerns about pupils

If a member of staff has any concern about a pupil's welfare, they will act on them immediately by speaking to the DSL or deputy DSL(s). All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in the communication and confidentiality section of this policy.

Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSL(s) with the matter. If a referral is made about a pupil by anyone other than the DSL, the DSL will be informed as soon as possible.

The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer. Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil. If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.

If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered. All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded on the CPOMS system.

If a pupil is in immediate danger, a referral will be made to CSCS and/or the police immediately. If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.

Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views. When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

32. Managing referrals

The reporting and referral process outlined in Appendix A will be followed accordingly.

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSCS. Where CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSCS decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

Action following a child protection referral

The Designated Safeguarding Lead or other appropriate member of staff will:

- make regular contact with the allocated social worker or team manager in the event of absence
- wherever possible, contribute to the strategy discussion
- provide a report for, attend and contribute to any subsequent child protection conference
- if the child or children are made the subject of a child protection plan, contribute to the child protection plan and attend core group meetings and review conferences
- endeavour to share all reports with parents prior to meetings
- where in disagreement with a decision made by Children's Social Care e.g. not to apply child protection procedures or not to convene a child protection conference, follow the formal Escalation Process in respect of resolving professional disagreements/escalation process
<https://www.cheshirewestscp.co.uk/policy-and-procedures/escalation-and-resolution-policy/>
- where a child subject to a child protection plan moves from the school or goes missing, immediately inform CSCS (0300 123 7047).

33. Concerns about staff and safeguarding practices

If a staff member has concerns about another member of staff (including supply staff and volunteers), it will be raised with the headteacher. If the concern is with regards to the headteacher, it will be referred to the chair of governors.

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

34. Allegations of abuse against staff

All allegations against staff, supply staff, volunteers and contractors will be managed in line with the school's Allegations of Abuse Against Staff Policy – a copy of which will be provided to, and understood by, all staff. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

[New] When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns", as defined in the Allegations of Abuse Against Staff Policy. Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child, or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

35. Communication and confidentiality

All members of staff, volunteers and governors must know how to respond to a pupil who discloses abuse, and they must be familiar with procedures to be followed.

It takes a lot of courage for a child to disclose that they are being abused. They may feel disloyal, ashamed, particularly if the abuse is sexual, their abuser may have threatened what will happen if they tell, they may have lost all trust in adults, or they may believe, or have been told, that the abuse is their own fault.

If a pupil talks to you about any risks to their safety or wellbeing you will need to let them know that you must pass the information on – you are not allowed to keep secrets. The point at which you do this is a matter for professional judgement. If you jump in immediately the pupil may think that you do not want to listen, if you leave it till the very end of the conversation, the pupil may feel that you have misled them into revealing more than they would have otherwise.

During your conversation with the pupil:

- Allow them to speak freely.
- Remain calm and do not over react – the pupil may stop talking if they feel they are upsetting you.
- Give reassuring nods or words of comfort – ‘I’m so sorry this has happened’, ‘I want to help’, ‘This isn’t your fault’, ‘You are doing the right thing in talking to me’.
- Do not be afraid of silences – remember how hard this must be for the pupil.
- Under no circumstances ask investigative questions – such as how many times this has happened, whether it happens to siblings too, or what does the pupil’s mother think about all this. Use TED – **T**ell me about that, **E**xplain that to me, **D**escribe that...
- At an appropriate time tell the pupil that in order to help them you must pass the information on.
- Respect the child’s personal space. Do not automatically offer any physical touch as comfort. It may be anything but comforting to a child who has been abused.
- Avoid admonishing the child for not disclosing earlier. Saying ‘I do wish you had told me about this when it started’ or ‘I can’t believe what I’m hearing’ may be your way of being supportive but the child may interpret it that they have done something wrong.
- Tell the pupil what will happen next.
- Report verbally to the Designated Safeguarding Lead.
- Write up your conversation as soon as possible using your schools recording process using CPOMS
- Seek support if you feel distressed.
- If, at any point, there is a risk of immediate serious harm to a child, a referral should be made to children’s social care immediately. Anybody can make a referral.

All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.

Where there is an allegation or incident of sexual abuse or sexual violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree on what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.

Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis. During the disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.

Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime. Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others. Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.

Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved. Discussions with parents will not take place where they could potentially put a pupil at risk of harm. Discussion with the victim's parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report. Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, with the reasons behind decisions being explained and the available support discussed. External agencies will be invited to these discussions where necessary.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented. Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

Records and Monitoring

Child protection information will be stored and handled in line with the principles of the Data Protection Act 2018 and the General Data Protection Regulations to ensure that information is:

- Processed lawfully, fairly and in a transparent manner in relation to the data subject.
- Collected for specified, explicit and legitimate purposes (in this case to meet statutory safeguarding requirements as set out in government legislation).
- Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.
- Accurate, and where necessary, kept up to date
- Kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed (Child protection files should be passed on to any new school the child attends and kept until they are 25 (this is 7 years after they reach the school leaving age) (IRMS, 2016).)
- Appropriate security measures are in place to protect the personal data held
- Take responsibility for what [the school] does with personal data and how [the school] complies with the other principles. Are able to demonstrate compliance through ensuring appropriate measures and records are in place.

Safeguarding records are normally exempt from the disclosure provisions of the Data Protection Act, which means that children and parents do not have an automatic right to see them. This must be done through a Subject Access Request (SAR). This information belongs to the child, who has a right to deny their parent's/carer's access to the file if they wish to do so – further information regarding SARs can be accessed here: *What about requests for information about children?* <https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr/individual-rights/right-of-access/> . If any member of staff receives a request from a pupil or parent to see safeguarding/child protection records, they should refer the request to the Principal.

The Data Protection Act does not prevent school staff from sharing information with relevant agencies, where that information may help to protect a child.

Any concerns about a child will be recorded in writing within 24 hours. All records must provide a factual, evidence-based account. Accurate recording of actions should be made. Records will be signed, dated and where appropriate witnessed.

Timely and accurate records are made when there are any issues regarding a child. A record of each and every episode/incident/concern/activity regarding that child, including telephone calls to other professionals, is recorded on CPOMS to ensure an accurate chronology is kept. Records will be kept up to date and reviewed regularly. Original notes will be retained as evidence if there are criminal proceedings arising from current or historical allegations of abuse or neglect or civil actions.

All records are kept on CPOMS and this is linked to a Police level encryption fob which only teaching staff have. These are individually coded. The designated and deputy safeguarding persons have access to all the records. Paper records prior to the implementation of CPOMS are securely stored. When necessary they may be shared with other relevant members of staff. However, they must always be read in school and returned to the secure storage. Any electronic safeguarding records are kept on a confidential server accessed only by the designated leads. When a child leaves, their Child Protection records are sent to the safeguarding lead of the receiving school separately from the child's other school records. Records are not sent unless it has been confirmed that the child has taken up their new place. If this confirmation is not received, we would retain the file indefinitely. CPOMS records can be transferred electronically.

Where the new school is not known, the Educational Welfare Service at xxxxxxxxxxxx(LA) will be informed so that the child can be included on the data base for missing pupils and action taken to ascertain the safety and wellbeing of the child and that the child is receiving their right to education.

Records will be kept up to date and reviewed regularly. Original notes will be retained as evidence if there are criminal proceedings arising from current or historical allegations of abuse or neglect or civil actions.

Timely and accurate recording will take place when there are any issues regarding a child. A record of each and every episode/incident/concern/activity regarding that child, including telephone calls to other professionals, needs to be recorded in chronological order and kept within the confidential file for that child. Support and advice will be sought from Children's Social Care, the Local Authority Designated Officer (DO) or other relevant agencies, whenever necessary and recorded.

If the child moves to another setting the Safeguarding file should be sent, (electronically or by registered post) immediately to the Designated Safeguarding Lead at the new setting, making sure that the Safeguarding file is transferred separately from the main pupil file. There must be liaison between the two Designated Safeguarding Leads in order to ensure a smooth and safe transition for the child.

Complaints and Compliments

Our complaints procedure will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a pupil, using sarcasm or humiliation as a form of control, bullying or belittling a pupil or discriminating against them in some way. Complaints are managed by senior staff e.g. the Principal and Governors. An explanation of the complaints procedure is included in the Academy's complaints procedure found on Trusts website.

Complaints from staff are dealt with under the school's Complaints, Disciplinary and Grievance procedures.

Contact arrangements and Parental responsibility

We recognise that a relationship breakdown can be very distressing for all involved, however, any contact arrangements must be agreed outside of school and school should not be put in a position where they are placed in the middle of contact disputes. We aim to make the school environment a calm and safe place for your children, as well as the whole school community, and would be unable to do this if we are placed at the centre of disputes. School is also unable to prevent anyone with parental responsibility (PR) from picking up a child from school unless there is a court order in place stating that the person with PR is not allowed to do so, although the school will attempt to seek permission from the primary carer before releasing the child.

36. Safer recruitment

[New] The school's full policy and procedures for safer recruitment are outlined in the Safer Recruitment Policy. An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

The DfE's [DBS Workforce Guides](#) will be consulted when determining whether a position fits the child workforce criteria.

[New] The governing body will conduct the appropriate pre-employment checks for all prospective employees, including internal candidates and candidates who have lived or worked outside the UK.

[New] The appropriate DBS and suitability checks will be carried out for all governors, volunteers, and contractors.

Staff suitability

All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018. A person may be disqualified if they:

- Have certain orders or other restrictions placed upon them.
- Have committed certain offences.

Ongoing suitability

Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

Referral to the DBS

The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity. The duty will also apply in circumstances where an individual is deployed to another area of work that is not in regulated activity or they are suspended.

37. Single Central Record (SCR)

The school keeps an SCR which records all staff, including agency and third-party supply staff, and teacher trainees on salaried routes, who work at the school.

All members of the proprietor body are also recorded on the SCR.

The MAT holds a central SCR containing information that is easily accessible and recorded in such a way that allows for details for each individual academy to be provided separately, and without delay, to all who need to see it, including Ofsted.

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK
- A section 128 check for those in management positions

For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all the necessary checks have been conducted and the date that confirmation was received.

If any checks have been conducted for volunteers, this will also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Written confirmation that supply agencies have completed all relevant checks will also be included.

[New] The school is free to record any other information it deems relevant.

[New] The details of an individual will be removed from the SCR once they no longer work at the school.

38. Training

The Designated Safeguarding Lead and the Deputy Designated Safeguarding Lead need to attend the multi-agency 1-day "Working Together" Level 3 course in Safeguarding provided by Cheshire West's Safeguarding Children Partnership and then the half day Child protection and SMART planning workshop. This training then needs to be updated by attending a **half day** refresher course, every **2 years**, unless the Designated or Deputy Designated Safeguarding Lead feels they require a repeat of the full 1-day course.

The **Level 3** training will enable the Designated or Deputy Designated Safeguarding Lead to:

- Recognise how to identify signs of abuse and when it is appropriate to make a referral by using the Continuum of Need thresholds;
- Have a working knowledge of how to support the Team Around the Family, how Cheshire West's Safeguarding Children Partnership operates, how a child protection case conference is conducted, and be able to attend and contribute effectively to all planning meetings when required to do so;
- Be able to keep detailed, accurate and secure written records of referrals/concerns.

This will enable more time to attend additional courses in areas such as Child Exploitation, Neglect and Domestic Abuse.

Staff members will undergo safeguarding and child protection training at induction, which will be updated on a **termly** basis and/or whenever there is a change in legislation.

The induction training will cover:

- The Child Protection and Safeguarding Policy.
- **[New]** The Peer-on-Peer Abuse procedures.
- The Staff Code of Conduct.
- Part one of 'Keeping children safe in education' (KCSIE) (or Annex A, if appropriate).
- The Behavioural Policy.
- The Children Missing Education Policy, including the safeguarding response to children who go missing from education.
- Appropriate child protection and safeguarding training, including online safety training.
- Information about the role and identity of the DSL and deputy DSL(s).

All staff members will also receive regular safeguarding and child protection updates as required, but at least annually. Training will cover, at a minimum:

- The issues surrounding sexual violence and sexual harassment.
- Contextual safeguarding.
- How to keep LAC and PLAC safe.
- CCE and the need to refer cases to the National Referral Mechanism.
- **[New]** Updated online safety training.

Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school. The DSL and deputy DSL(s) will undergo child protection and safeguarding training, and update this training at least every two years. The DSL and deputy DSL(s) will also obtain access to resources and attend any relevant or refresher training courses, ensuring they keep up-to-date with any developments relevant to their role. This will include training to understand:

- The assessment process for providing early help and statutory intervention, including local criteria for action and CSCS referral arrangements.
- How LAs conduct child protection case conferences and a child protection review conferences, to enable the DSL to attend and contribute to these effectively when required.
- The importance of providing information and support to CSCS.
- The lasting impact that adversity and trauma can have.
- How to be alert to the specific needs of children in need, pupils with SEND and/or relevant health conditions, and young carers.
- The importance of internal and external information sharing.
- The Prevent duty.
- The risks associated with online safety, including the additional risks faced online by pupils with SEND.

39. Monitoring and review

This policy is reviewed at least annually by the DSL and the headteacher. This policy will be updated as needed to ensure it is up-to-date with safeguarding issues as they emerge and evolve, including any lessons learnt. Any changes made to this policy will be communicated to all members of staff. All members of staff are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction programme. The next scheduled review date for this policy is September 2022.

Designated safeguarding lead to ensure recording is securely stored on CPOMS

Allegations should be reported immediately to the Headteacher or the Chair of Governors if the Headteacher is the subject of concern and the situation assessed

If there are still concerns the LA personnel must be contacted to provide advice, support and to investigate the concerns tel: 01244 973400 and may advise a referral to the Safeguarding Unit

The referral must be followed up in writing within 24 hours using the agreed LA proforma

Social Worker and manager acknowledge receipt and decide on the next course of action within one working day. School staff should contact Social Care if they are unsure of actions being undertaken by Social Care

School staff should continue to support the child and attend multi-agency meetings as appropriate

Safeguarding Leads should ensure that all recording is securely stored for 6 years past the child's 18 birthday
If the child moves to another setting the Child Protection file will be handed to the designated safeguarding lead at the new setting, making sure that the Child Protection file is transferred separately from the main pupil file.

* assessment should be undertaken with the agreement of the child and their parents or carers. It should involve the child and family as well as all the professionals who are working with them...
if parents and/or the child do not consent to an early help assessment, then the lead professional should make a judgement as to whether, without help, the needs of the child will escalate. If so, a referral into local authority children's social care may be necessary.
